**CSS Assignment: 1.html**

NOTE the HTML code is include here - you don't have to type it all up. Use CSS to create the following design:

SIMPSONS JOKES

Operator!

Give me the number for 911!
Oh, so they have internet on computers now!
Bart, with $10,000, we'd be millionaires! We could buy all kinds of useful things like…love!
Just because I don't care doesn't mean I don't understand.
I'm normally not a praying man, but if you're up there, please save me Superman.
Son, if you really want something in this life, you have to work for it. Now quiet! They're about to announce the lottery numbers.
Well, it's 1 a.m. Better go home and spend some quality time with the kids.
Maybe, just once, someone will call me 'Sir' without adding, 'You're making a scene.'
Marge, don't discourage the boy! Weaseling out of things is important to learn. It's what separates us from the animals! Except the weasel.
Doughnuts. Is there anything they can't do?
