# Unit #1 Coding Assignments

All coding assignments are to be placed in your ICS2O - HTML folder.

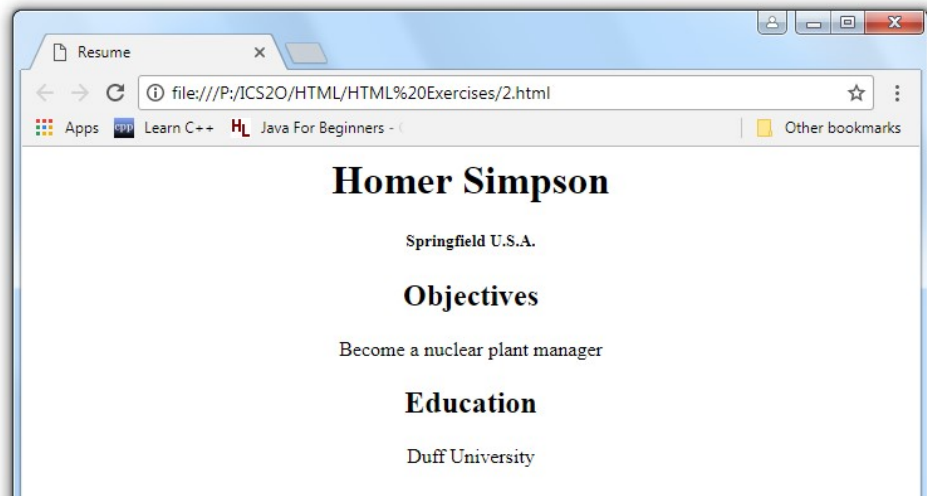

**Coding Assignment: 1.html**

1. Log into your account, open the Finder and create a folder in the Documents directory called ICS20.

2. Create a subfolder called: HTML. Save all the Unit 1 Coding Assignments in here.

3. After downloading Atom, open the program, and add your ICS20 folder to the list.  Add a new file, it initially starts as 'untitled'.

4. Key the following work in. Together, we will look at some of the options that make coding easier.

```
<html>
<head>
<title>First Page</title>
</head>
<body>
My First Page. Hello World
</body>
</html>
```

5. Click 'File' and 'Save As', and name the file as **1.html** in ICS2O\HTML

6. To view the website after you save it, open the 'Documents/ICS20/HTML' folder in the Finder, and double-click on **1.html**.

**Coding Assignment: 2.html**

Code, error check, indent, save and run the following page:

**Coding Assignment: 3.html**
Without looking at your notes, recreate the following web page. Use proper html structure.

## Do Phones Cause Cancer?
There are **many** reasons why people are concerned that cell phones (also known as *"mobile"* or *"wireless"* telephones) might have the potential to cause certain types of **cancer** or other health problems: Cell phones emit radiofrequency energy (radio waves), a form of non-ionizing radiation, which can penetrate the skull.
